**LIBERATED THEATRE** <http://www.liberatedtheatre.com>

The famous 5065 LIFT made its debut on Brighton Beach, but earned its reputation at the Edinburgh Festival where it generated front page coverage and buzz in the entertainer network. The 5065 Lift crew went on to liberate the Soho Theatre and the LONDON EYE with spectacular and original performances in 2003, which is how Liberated Theatre was born. In 2005 Liberated Theatre produced BABOOSHKA (*sell out show at the Pleasance Theatre, Edinburgh Festival and*

*regularly produced Internationally*) and in 2007 MUTTON at The Gilded Balloon, Edinburgh Festival 2007. BITCHES and "NEXT!" are in pre-production.

*"This is Liberated Theatre. Like a beast set free from its cage, theatre is running riot at Soho, invading the bar, hijacking the lift and hanging out in the ladies' loo. It's a mark of Host Universal's originality. Faced with the challenge of enticing new audiences to the theatre, Host Universal has come up with a promising solution. Take it to them. And take them by surprise."*

JENNY ÉCLAIR Comedian/presenter, London

**I loved it!!! \*\*\*\*\***

JO CAULFIELD Comedian, London

**Beautifully written and performed by a talented cast. Brilliantly designed and choreographed to maximum effect in an Edinburgh theatre space. Funny, moving and thought provoking. For once don't buy the magic face cream and go see this. The laughter will take years off you. Very funny, I think Babooshka & Mutton could do very well on telly too \*\*\*\*\***
